## **DETAILED ACTION**

### ***Reissue Applications***

1. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error, which is relied upon to support the reissue application.

See 37 CFR 1.175(a)(1) and MPEP § 1414. Any error in the claims must be identified by reference to the specific claim(s) and the specific claim language wherein lies the error. The applicant is claiming that he has a broadening reissue application and thus must show specifically what has been taken "out" of the patented claims in order to broaden the patented claims. Thus, the error being relied upon originally is defective in that it does not specifically show how the claims are broader.

2. Claims 1-25 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the oath/declaration is set forth in the discussion above in this Office action.
